

The Ultimate White-Label UCaaS Platform

SkySwitch provides a streamlined process to empower you to start selling a next generation UCaaS solution. With everything you need on ONE platform our resellers are more successful and can build a profitable business with monthly recurring revenue.

With SkySwitch you don't have to partner with multiple vendors and carriers to create a complete, white-label offering. We set you up for success from day one by providing you access to:

- › Launch your own branded UCaaS solution in less than 90 days
- › Quick time-to-market with a complete onboarding process
- › Exclusive online store for your device needs
- › Own YOUR customers, build an MRR, and see margins surpass 70%+
- › Fast, automated quote-to-cash model
- › 99.999% platform uptime
- › Hundreds of app & system integrations
- › And, more
